FREYJA

Essence preserved, flavours reimagined

At Freyja, we honour ingredients in their purest, most natural form. Whether sourced from local farms or foraged from the wild by our team, we handle them with care, preserving their essence while using time and artisanal techniques to deepen their flavours. The result is a transformation into something entirely new.

Our specialist produce comes from suppliers we are proud to work with -
Sturia Caviar, Ramarro Farm, Flinders + Co, Aurum Poultry Co.,
Clamms Seafood, Spurrell Foraging, Bobby's Bakery, and Kudo Bakery.
With the exception of Sturia caviar, all seafood used in our dishes is sourced from Australia.
Due to the nature of our menu, we are unable to accommodate certain dietary requirements.
Freyja only accepts card payments.
